

Christian Discipleship Service Form (Bring to the final Youth Mass)

Name _____

Grade _____

Small Group Leader _____

All youth of St. Andrew's are invited, encouraged, challenged and expected to practice Christian discipleship and create the Kingdom of God on Earth through demonstrating love and service of neighbor. Ideally this will include at least 15 hours of service through participating in a small group project, one or more parish projects such as S.A.I.N.T.S., and an independent service project. Young people should write about these three areas below:

1) Small Group Service Project: Describe what you did with your small group for service, what impact this had on those you served, and what impact this had on your own life!

2) St. Andrew's Based Project: (*Parish Festival, Youth Choir, VBS, Summer Stretch, Altar Server, etc.*) Write about why you chose the St. Andrew's service project you selected, what your expectations were of this service project, and how these expectations were met.

3) Independent Service Project: First, complete the rubric on the back. Then write about how this service project helped to create the Kingdom of God on earth!

4) Significance: What impact did your service have on those you worked with and on you? How did you see God through this, and/or how did you serve Jesus?

Approximately how many hours did you dedicate to Christian service this year?
